**UNITED STATES DISTRICT COURT FOR THE DISTRICT OF NEVADA
UNITED STATES V. JOSE ANGEL CELEDON, 2:20CR00246**

**SUMMARY IN SUPPORT OF PETITION FOR SUMMONS
October 1, 2020**

On November 20, 2008, Jose Angel Celedon appeared before the Honorable John Antoon, II in the Middle District of Florida for sentencing following his plea of guilty to Conspiracy to Distribute and Possess with Intent to Distribute Cocaine Hydrochloride. Celedon was sentenced to 188 months imprisonment and five (5) years supervised release. Celedon commenced supervised release on October 26, 2018 in the District of Nevada.

Since Celedon commenced supervision on October 26, 2018, he has failed to work at a lawful occupation and has not provided an acceptable reason for not being employed. Celedon tested positive for marijuana on January 21, 2020, January 30, 2020, February 3, 2020, February 8, 2020, February 18, 2020, February 28, 2020, March 3, 2020, March 4, 2020, and March 8, 2020.

On March 4, 2020, Celedon reported to the probation office and met with Supervisory Probation Officer Fredlund to discuss positive drugs tests. Celedon stated he began smoking marijuana a day or two after Thanksgiving, claiming daily use, upwards of 10 times per day, until January 20, 2020.

Celedon stated he got "complacent", and that he has no problems stopping use, as he claims he already has. Substance abuse treatment was discussed with Celedon in which he stated he did not need treatment, as he could control his use and is not problematic. SUSPO Fredlund discussed modifications to his special conditions, to include; search, employment (comport with 9th circuit case law), 40 hours community service work as sanction, and cognitive behavioral therapy. Celedon offered no objections and signed the Prob 49 Hearing Waiver.

On March 4, 2020, this office informed the Middle District of Florida of Celedon's violations, seek modification to conditions of supervision, and to request transfer of jurisdiction. Due to Celedon's continued marijuana use and the fact he remains unemployed, the probation office requested a modification to require Celedon to complete 40 hours of community service work within three (3) months, provision for warrantless search, and cognitive behavioral therapy. On March 23, 2020, the Honorable Marcia Morales Howard modified Celedon's special conditions to include 40 hours of community service work within three (3) months, provision for warrantless search, and cognitive behavioral therapy.

On March 31, 2020, Celedon attended an assessment for cognitive behavioral therapy and began treatment at the vendor Choices. On April 27, 2020, Celedon submitted negative urinalysis and it appeared that he was taking steps in the right direction.

Celedon tested positive for marijuana on May 5, 2020, June 2, 2020, June 6, 2020, July 19, 2020,

July 27, 2020, and October 1, 2020. Celedon's positive urine drug tests that were listed above were sent to Alere Toxicology Services for interpretation to determine if new drug use occurred or if the positive results were due to residuals.

According to Alere Toxicology Services interpretation letter dated July 27, 2020 regarding drug tests dated May 5, 2020, June 2, 2020, June 6, 2020, and July 19, 2020; the toxicologist indicated that the positives on June 2, 2020, June 6, 2020, and July 19, 2020 were determined to be new use on each date.

On July 20, 2020, Celedon successfully completed cognitive behavioral therapy at the treatment vendor Choices. According to the counselor at Choices, "since the start of MRT the client did not agree with any of the steps and felt like it was not for him. Towards the middle of the 12 steps the client began to open and accept why he was there. To be honest the client completed MRT only because he was ordered to. The only thing he took away as he stated was his goals and planning for his future. His negative attitude and denial will never allow him to grow in life".

On August 13, 2020 during a home visit, Celedon admitted that he has continued to smoke marijuana and will continue to do so while on supervised release. Celedon was asked how he continues to purchase marijuana to use while he has been unemployed his entire time on supervised release for nearly two years. Celedon explained that random people have been providing him with marijuana to use for free.

Celedon stalled and was unable to provide urinalysis on August 9, 2020. Celedon failed to report for drug testing on April 11, 2020, August 29, 2020, September 8, 2020, September 26, 2020, and September 28, 2020.

On September 18, 2020, your honor accepted the transfer of jurisdiction from Middle District of Florida to the District of Nevada.

As indicated in this report. Celedon has tested positive for marijuana and admitted to such use on more than three (3) occasions within the past ten (10) months. Pursuant to 18 U.S.C. § 3583 (g)(4) revocation is mandatory for testing positive for an illicit substance more than three (3) times in a 12-month period.

Celedon has been informed multiple times continued missing of drug testing and marijuana use will result in our office requesting an appearance before Your Honor to show cause why supervision should not be revoked. He has continued not reporting to drug testing at the treatment vendor and using marijuana. The probation office is requesting the issuance of a summons, and a hearing held to address the violations contained within this report.
